Lottie Hans, of Paw Paw, is of a ven turesome disposition. She is or was engaged as a domestic in the family of Geo. Butler, but her soul soared above the pots and pans and she longed to see the world. Lottle is only 13 years old but she has nerve enough for one twice her age. She began operations by stealing \$5 cach and a suit of boys' clothes, robing berself in the latter to escape detection. Then she walked to Lawton some miles distant and from there rode o Kalamazoo on a half-fare ticket. the returned to Lawton on the next train then purchased a half-fare ticket to South Haven where her father lives. But the law was swifter than the train and she was arrested at Covert and returned to Paw Paw where she was tried and centenced to the industrial school at Adrian for eight years. It will be some time before Lottle ventures out to see the elephant again.
